# 1 E-Response Website Screen Shots for the Determinations and Decisions Exchange

The Determinations and Decisions Exchange enables employers to review their non-monetary separation determinations and protest/appeal them if applicable. The website's screens support the following business functions:

- Non-Monetary Separation Determinations
- Non-Monetary Separation Revisions
- Non-Monetary Non-Separation Determinations
- Non-Monetary Non-Separation Redeterminations
- Non-Monetary Separation Withdrawals
- Lower Authority Appeal Decision
- Higher Authority Appeal Decision

Since the Determinations and Decisions screens are extremely similar for each business function, only the Non-Monetary Separation Determinations screens are illustrated in the entirety. Screen 4 shows the screens for each business function.

## 1.1 Pre-Login Screen

The screenshot shows the SIDES E-Response website's pre-login screen. The header features the SIDES E-Response logo on the left and the SIDES logo on the right. The main content area is titled "Welcome to the E-Response Website for the Unemployment Insurance State Information Data Exchange System". Below the title, it asks the user to "Please select the application you want to use:" and provides two main categories: "Notice of UI Claim Filing" and "Earnings Verification". Under "Notice of UI Claim Filing", there are three radio button options: "Separation Information", "Wages Reported and Possible Charges", and "Determinations and Decisions". Under "Earnings Verification", there is one radio button option: "Benefit Charges". A "Select" button is located below the options. On the left side of the screen, there is a sidebar with the text "SIDES E-Response supports the following browsers:" followed by a list: "IE 11 and above", "Chrome V44 and higher", and "Firefox V37 and higher". At the bottom of the screen, there is a copyright notice: "Copyright © 2008 - 2016, National Association of State Workforce Agencies. All Rights Reserved."

The document description must be entered to save the attachment. Otherwise, you will need to browse for the attachment again.

The following document formats are acceptable: PDF, TIFF, RTF, TXT, or CSV.

It is possible that scanned PDFs and other documents are too large for the system. One option is to include only those sections that are relevant to the appeal. If you have a scanned PDF - by decreasing the dpi size, scanning it in as PDF text or removing some of the extended features of a PDF the size can be greatly reduced. Another option would be to scan it in as a TIFF document instead of a PDF.

Save Microsoft Word documents as either RTF or TXT by using the 'save as' option and selecting RTF or TXT. Save Microsoft Excel documents by using the 'save as' option and selecting CSV (comma delimited).

Browse to add an attachment, enter the attachment description, and click the 'Save to Table' button. The attachment and its description will be saved to the Document table. Attach additional documents if necessary.

To view or edit an Attachment in the table, click the radio button to the left of the Attachment and then click on the View/Edit button. The information will appear in the data entry section above and may be edited. When done editing the attachment, click on the 'Save to Table' button.

To remove an Attachment from the table, click on the radio button to the left of the Attachment and click on the Delete button.
